Gary,

I have reviewed TCEQ's comments to the Final BHHRA. There is one valid comment (3.4.3 Exposure Assumptions and Intake Calculations) that was not adequately addressed in the Final. It was an original comment on the Aug 31<sup>st</sup> Draft BHHRA. I have addressed the same comment in my comment memo sent on 2/16/10 based on the Final BHHRA. It is #3) Response Comment #9 in my 2/16/10 memo. Please let me know if there is anything else I can do or if you have questions.

Thanks,  
Dipanjana
